

Hockerill Anglo-European College

SNOW POLICY

A reminder to parents of our policy with regard to College arrangements when there is snow:
The College will remain open for those students who can safely get to College.

We will always do our best to run a good academic programme within the constraints imposed by any absence of staff or students.

Parents are respectfully advised to make a judgement about whether students are able to travel to College safely.

In the event of weather conditions deteriorating during the day, parents are advised that they must make a judgement about whether to collect early. In such circumstances we would continue College for those who stay on as normal.

A handwritten signature in black ink, appearing to read 'S. Dennis'.

Mr S Dennis
Principal
